PROFESSIONAL SUMMARY

Motivated AI & Data Science undergraduate with hands-on experience across full-stack development, augmented reality, and AI/NLP systems. Strong communicator with a collaborative mindset, a bias toward action, and a habit of continuous self-improvement. I learn fast, adapt faster, and show up ready to contribute — not just to complete tasks, but to make the work better. Comfortable integrating AI tools into real-world products and eager to join teams that value curiosity, execution, and growth from day one.

EXPERIENCE

Full Stack Development Intern

Nov 2025 – Dec 2025

IBM (Naan Mudhalvan Program) — CCET, Karur (On-site)

IBM Certified

- Engineered a full-stack web application using the MERN stack with secure role-based authentication and authorization.
- Implemented end-to-end REST API architecture and database schema design, reducing data retrieval latency by an estimated 30% through query optimization.

PROJECTS

Smart Appointment Scheduling System

 Code  Live

ReactNode.jsExpress.jsMongoDB

Developed a full-stack MERN appointment scheduling platform with role-based authentication for Admin, Service Provider, and Customer, supporting multiple service domains through centralized booking — reducing scheduling conflicts by an estimated 60% compared to manual coordination. Deployed on Vercel and Render with MongoDB Atlas.

 60% conflict reduction

Earthquake Awareness AR Application

 Code

Unity3DARCoreC#Android

Built an augmented reality disaster awareness app using Unity and ARCore to simulate earthquake scenarios and deliver interactive emergency preparedness guidance — achieving real-time AR rendering at 30+ FPS on mid-range Android devices.

 30+ FPS real-time AR

Solla Marandha Kadhai — AI Tamil Language Platform

 Code  Live

PythonFlaskOpen-TamilgTTSNLP

Developed an AI-powered Tamil language learning platform that generates grammatically correct sentences and real-life dialogues using NLP and text-to-speech — supporting 50+ grammatical patterns with voice output accuracy above 90%.

 90%+ voice accuracy · 50+ patterns

EDUCATION

Chettinad College of Engineering and Technology (CCET)

2023 – 2027

B.Tech — Artificial Intelligence & Data Science

CGPA: 8.2 / 10.0

Karur, Tamil Nadu

Sevalaya's Mahakavi Bharathiyar Hr. Sec. School

2022 – 2023

12th Standard — State Board

Aggregate: 87%

Thiruninravur, TN

ACHIEVEMENT

1st Prize — IBM Naan Mudhalvan Hackathon 2026

Won Rs.25,000 cash prize for Smart Appointment Scheduling System, competing against 100+ teams statewide.
